TCH is prepared for your immediate molded rubber expansion joint and/or pump connector needs! Our 30,000 square foot warehouse allows us to have the industry's largest stock inventory, ensuring products are always available when you place your order. In more cases, in-stock standard size assemblies will ship directly from the factory the same or next day. We are here to take care of you and your business. Let us help you get the products you need within your timeline!

VARIETY OF STANDARD SIZES & END FITTINGS
READY TO SHIP TODAY!

All our pump connector assemblies are fabricated here in the U.S.A. and continuously stocked in a variety of standard sizes. Extending service life of a system by eliminating pressure stress, our pump connectors are a great solution for misalignment.

1/4" I.D. - 24" I.D.

End Fittings include: Weld, Sweat, Flange, Groove, & Male NPT
CS, SS & Copper

MS1 & MS2 RUBBER EXPANSION JOINTS
FULLY STOCKED!

Fabricated of natural or synthetic elastomers and fabrics, including Neoprene and EPDM, our molded rubber expansion joints compensates for system pressure spikes, and axial/angular/lateral movements.

I.D. up to 24"

150# CS Flange (Standard)
150# SS Flange
300# CS Flange
