

PTFE EXPANSION JOINTS

Constructed of molded PTFE, these joints provide exceptional corrosion resistance and accommodate for varying degrees of misalignment, axial travel and angular deflection within the system.

SIZES

Available in 2, 3, and 5 convolutions

ADVANTAGES

- Chemical resistant characteristics of the PTFE bellows
- Easy installation due to the short face-to-face dimension
- Integral steel limit control bolts
- Convoluted design reduces vibration
- Compensates for axial and lateral motion
- Corrosion resistant

T2

Available in 1" I.D. - 12" I.D.

Axial movement 1/4" - 1/2"

Lateral movement 1/8" - 1/4"

T3

Available in 1" I.D. - 12" I.D.

Axial movement 1/2" - 1 3/16"

Lateral movement 1/4" - 5/8"

T5

Available in 1" I.D. - 8" I.D.

Axial movement 1/2" - 1 1/4"

Lateral movement 1/2" - 5/8"

APPLICATIONS

- Piping Systems
- HVAC Installations
- Corrosive Applications
- Chemical and Petrochemical Industries
